PASSWORD CHANGE | iPad Wi-Fi

SUMMARY: For those who would like to change their Wi-Fi password on a district-issued iPad (iOS/iPadOS 14+), please complete the following steps.

WI-FI LOGIN

There are a few different ways to initiate the Wi-Fi login prompt.

or

STEP ONE
While on the LISD network, open the Safari or LISD UIVP app on the iPad.

A reset of network settings may be required to initiate the Wi-Fi login prompt. Here is how to do so:

To reset the network settings on an *iPadOS 14*, tap on...
Settings >> General >> Reset >> Reset Network Settings

To reset the network settings on an *iPadOS 15* or *iPadOS 16*, tap on...
Settings >> General >> Transfer or Reset iPad >> Reset Network Settings

ENTER CREDENTIALS

The updated LISD credentials are required in order to join the LISD network.

Please wait for the prompt to appear. This could take approximately a minute.

STEP TWO
Enter the updated LISD credentials.

STEP THREE
Click on the Join button.

Incorrect Wi-Fi Password
Enter the password for "LISD".

SUMMARY: For those who would like to change their Wi-Fi password on a district-issued iPad (iOS/iPadOS 13 or earlier), please complete these steps.

ACCESS SETTINGS

There are a few different ways to initiate the Wi-Fi login prompt.

STEP ONE
Tap on the Settings app for the iPad.

STEP TWO
Tap on the Wi-Fi option on the left side of the Settings screen.

STEP THREE
Tap on the connected LISD network.
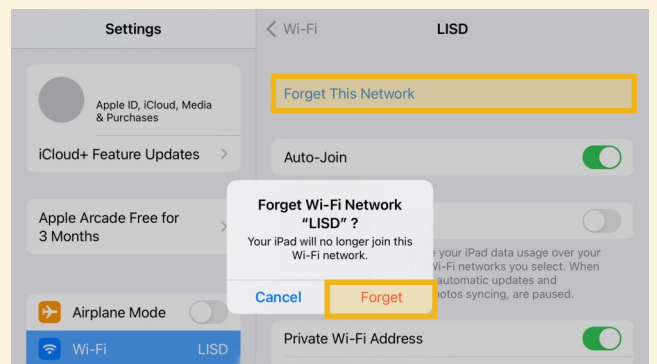

FORGET THE NETWORK

In order to connect to the LISD network with the updated password on the iPad, it must first be removed.

STEP FOUR
Tap on the Forget This Network button on the next screen.

STEP FIVE
A confirmation window will pop-up. Tap on the Forget button to temporarily remove the iPad from the Wi-Fi network.

ACCESS SETTINGS

There are a few different ways to initiate the Wi-Fi login prompt.

STEP SIX
Tap on the LISD network.

CONFIRM PASSWORD

Confirming the new password helps ensure the accuracy of the previous entry.

A loading graphic ✳ will appear next to the LISD network until the iPad is officially rejoined to the network.
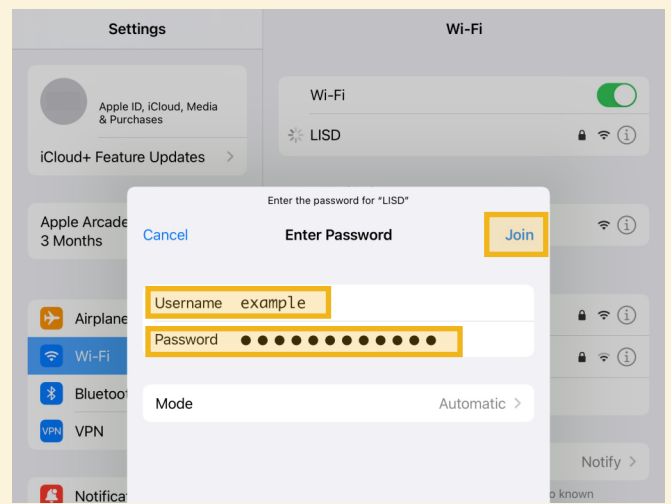

STEP SEVEN
Enter the username in the Username field.

STEP EIGHT
Enter the new password in the Password field.

STEP SEVEN
Tap on the Join button.

CERTIFICATE TRUST

The WiFi.lisd.local Certificate allows the client to encrypt the password.

STEP EIGHT
If prompted, tap on the Trust button of the Certificate pop-up window.

This will protect the password from being intercepted or decoded by bad actors.

VERIFY CONNECTION

Verifying the connection ensures that the previous steps were successfully completed.

STEP NINE
Verify a blue checkmark is displayed to the left of the LISD network. This confirms that the iPad is connected to the LISD network.

The Wi-Fi option on the left side of the Settings screen should once again say "LISD" next to it.
