HKRS PROGRAMMING UPDATES

POLICY & PROGRAMMING CHANGE PROPOSAL FORM: We've created this form to provide a means for Community Coordinators to request formal policy changes to HKRS. Its intent is to uncover local, repetitive issues and simultaneously crowd-source solutions from Community Coordinators with the goal of improved programming nationally. This form is an opportunity for Community Coordinators to share ideas with our national leadership team at any time, which will be reviewed biannually. The timeline is as follows:

Submissions – Phase I: November 1 – April 30

Review Phase I: May 1 – May 31

Publication of Responses – Phase I: by June 15

Submissions – Phase II: May 1 – October 31

Review Phase II: November 1 – November 30

Publication of Responses – Phase II: December 15

There are two submission phases which will be followed by a one-month national office review phase, which will classify proposals one of three ways: 1.) Accepted (meaning HKRS will implement and publish a projected timeline for implementation); 2.) Amended & Accepted (meaning HKRS will consult with the original author and reasoning/logic for an amendment, and if agreeable, will publish a projected timeline for implementation, or 3.) Rejected (meaning HKRS will share reasoning/logic as to why it was not adopted).
