Online Transaction Analysis Report

We now have a new report available to view the transaction details for Regular, Refunded, Rejected and Voided transactions. You will be able to see the Fund Name, Donor Name, Envelope Number, Contact Information, Type, Amount and Transaction Date. This report will show the date of the reported transaction (refund, rejection, etc.) and not necessarily the original transaction date. As with many reports in the OSV Hub, the CSV version will show even more information. Click the link below to see more details about this report.

Reorganization of the Donor Page for Admins

We made some changes to the layout of the donor page within Accounts. The donor's Activity, Email Preferences and any internal Notes have been moved to a side panel in the hopes of making the main page more streamlined. You can click into these areas on the left side panel to get the details for any of those items. The main donor page will contain the donor's Personal Information, Upcoming Contributions, Transaction History and Payment Methods.
