Reconciliation Report

You asked and we listened! Many of you have requested a reconciliation report in the classic layout that was available in our legacy online giving platform. When running the reconciliation, there is now a style choice of Default or Funds as Columns. Default is the current style and Funds as Columns will generate the rows and columns that can be pulled into Excel similar to our legacy version. This new version is intended to be used on screen and we recommend using the Default version if you would like to print this report. Please click the link below for additional information.

[**Pledge Detail Page**](#)

You can now go to the pledge within a donor account and select View Detail. This will list all the completed and upcoming transactions that are associated with that particular pledge. Please click the link below for additional information.
