## **QR Codes For Online Giving**

We are excited to announce the availability to create QR codes for your giving page and funds! QR codes are available in addition to the regular URLs and are a terrific way to promote your giving pages. QR codes give your donors the option to simply scan the code with their smart device and be taken directly to the funds page or a specific fund. You can add the code to your bulletins, posters, letters, or any other communication.

## **Donor Support Email**

Donors now have a dedicated email that you can share if they need to contact our support team or if you have a question on their

behalf. [Donorhelp@osv.com](mailto:Donorhelp@osv.com) will come directly to our technical support team and is a great way to get quick assistance.

## **Second Collections**

Do you have your second collections added to Online Giving? We have images and descriptions for the USCCB collections in our online resources, given to us by USCCB and free for you to use. June 30th is the 2024 date for the Peter's Pence Collection.

## **Data Explorer For Church Manager**

Our development team has released the newest Early Access Feature. When you are in the OSV Hub, you can select Data Tools from the left and this will provide you with the option to opt into this beta feature as it continues to be developed. Data Explorer will help you export your Church Manager data in the most beneficial format for your use at the parish.

## **Card Reader Update**

Paya has offered Swipe Simple as their preferred mobile platform for many years. Prior to 2019, they offered Sage Mobile and allowed merchants to continue to use this platform. Sage Mobile will be ending soon.

If you have the Sage Mobile service and would like to transition to the Swipe Simple option, or if you have not utilized the card readers before and would like more information, please contact our technical support team. We would be happy to walk through the card reader options and answer any questions you may have about the card swipe process.
