Client Specialist

# What is ePACT?

## Your Health & Safety Network

**ePACT is a health and safety network of community leaders, organizations, individuals, and families across North America. With paperless, real-time storage and communication tools accessible on any device, ePACT is used to collect, manage, and access the essential data needed to best support members in moments of uncertainty.**

## CDC Suggestions: If your youth programs are open:

**Implement social distancing strategies**

**Intensify cleaning and disinfection efforts**

**Modify drop off and pick up procedures**

**Implement screening procedures up arrival**

# The New Normal: Reopening Recreation Facilities

---

COVID-19 has forced organizations offering recreation programs to re-think how these are delivered and to adapt processes to align with CDC and state/local guidelines.

**According to our Survey - Reopening Recreation Facilities:**

**59%**

of organizations are considering or in the process of implementing paperless, contactless administrative processes.

**99%**

planning to maintain physical distancing within programs

**75%**

of organizations are considering or updating the check-in/out process to limit physical interaction

# Implement social distancing strategies: Electronic Health Data Collection

---

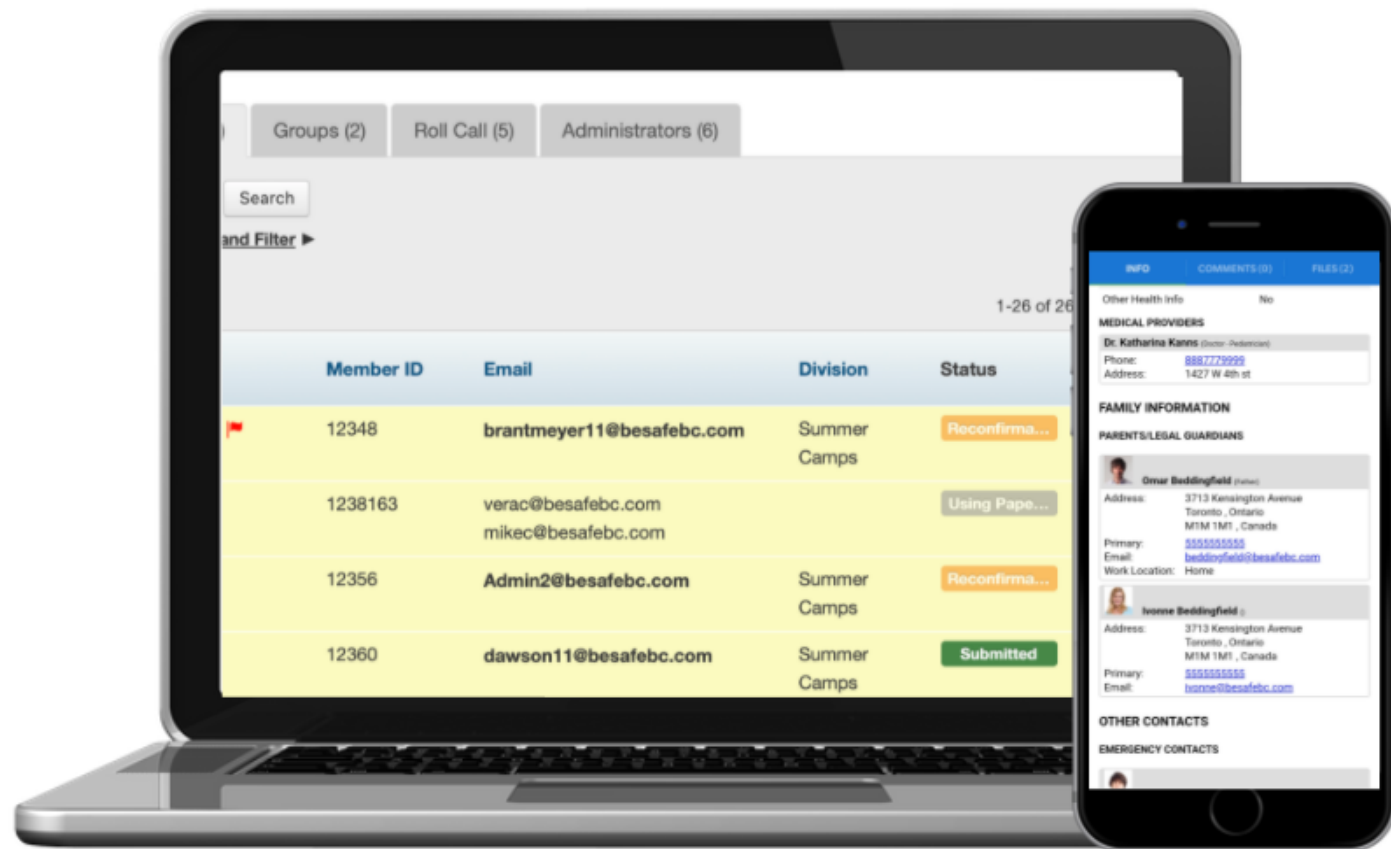

Did you know that COVID-19 can survive for a few hours on paper and even longer on plastic objects?

As a result, 59% of organizations are eliminating paper processes when possible.

Use ePACT for electronic collection, management, and access of all your members' health, safety and emergency data.

# Implement social distancing strategies: Electronic Health Data Collection

- ✓ Reduces risks associated with paper and plastic objects
- ✓ Promotes social distancing and the reduction of contact
- ✓ Allows staff to have access to crucial health and emergency info on their devices
- ✓ Allows you to quickly collect additional information as needed without contact (no paper waivers to distribute, collect, and store)

## Modify drop off and pick up procedures: Contactless Check In Check Out

---

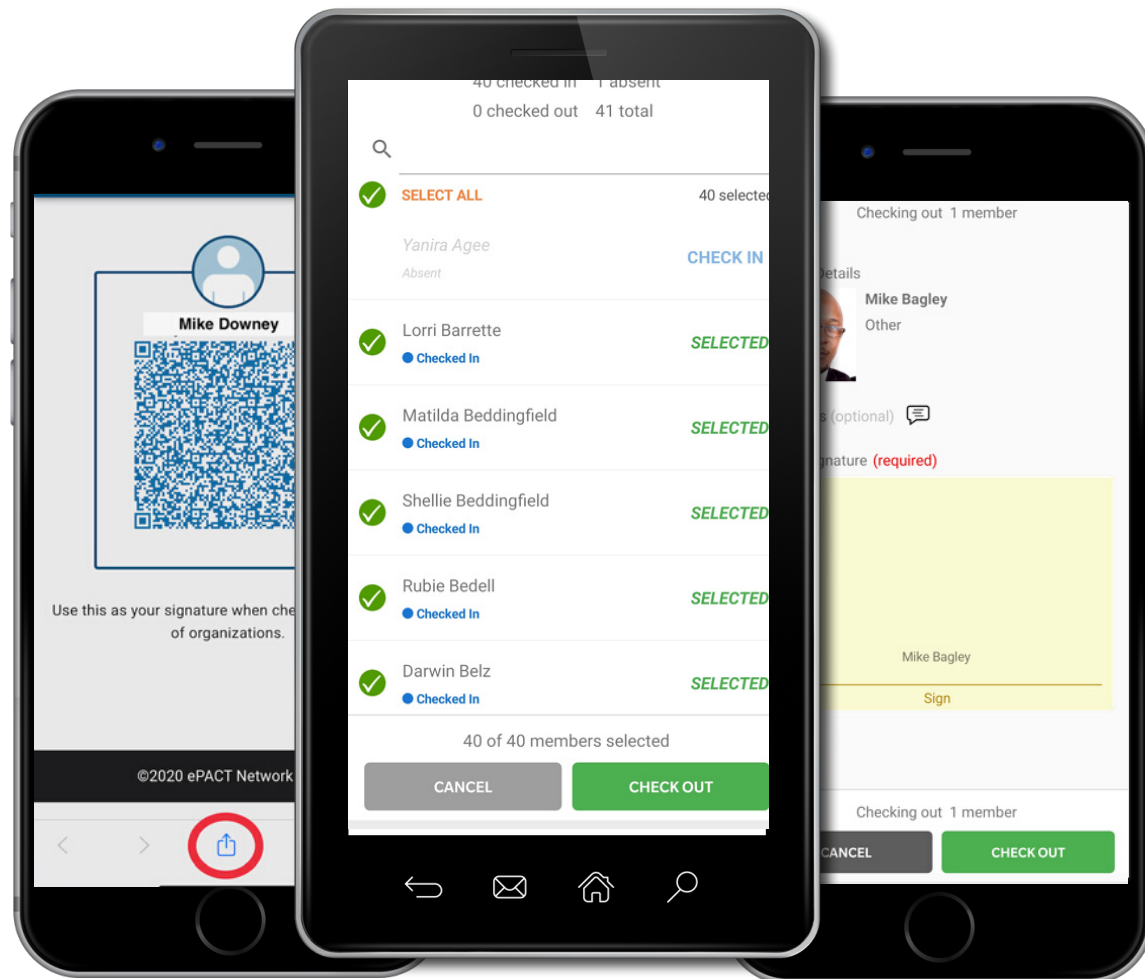

Did you know that COVID-19 is spread when people come into contact with droplets from an infected person?

As a result, 75% of organizations are changing their sign in/out processes.

Use ePACT to electronically check your participants in and out with minimal to no contact.

# Modify drop off and pick up procedures: Contactless Check In Check Out

3 Ways to Check members in/out:

- Administrator
- QR Code
- Contact Signature

Quick count of members checked in and absent for licensing purposes

Perform bulk check in /out for all participants for before & after school programs

Conduct regular participant head counts

Archive and access check in/out sheets with time stamps, notes, initials, and signatures for tracking purposes

## Implement screening procedures upon arrival: Daily Symptom Checker

Did you know that congestion or runny nose, nausea or vomiting and diarrhea are now standard symptoms of COVID-19 as per the CDC?

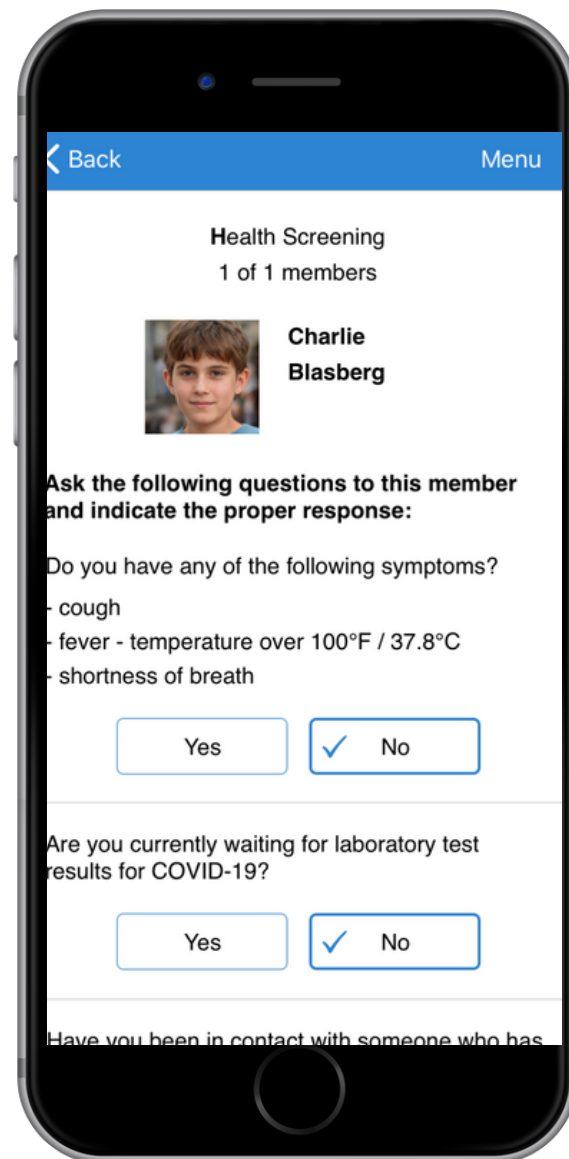

As a result, 56% of organizations are implementing daily screening questions for members and staff.

Use ePACT to collect daily screening questions and/or temperatures to mitigate risk for members and staff.

# Implement screening procedures up arrival:

## Daily Symptom Checker

Ask daily auditing questions to members AND staff:

- Symptom checks
- Exposure risks
- Temperature Checks
- Test Results
- Immunization status (future functionality).

Available on the ePACT Admin App to ask at check in

Archive results to assist in determining who may have been exposed if someone tests positive

## Promoting Behaviors that Reduce Spread: Communications & Messaging

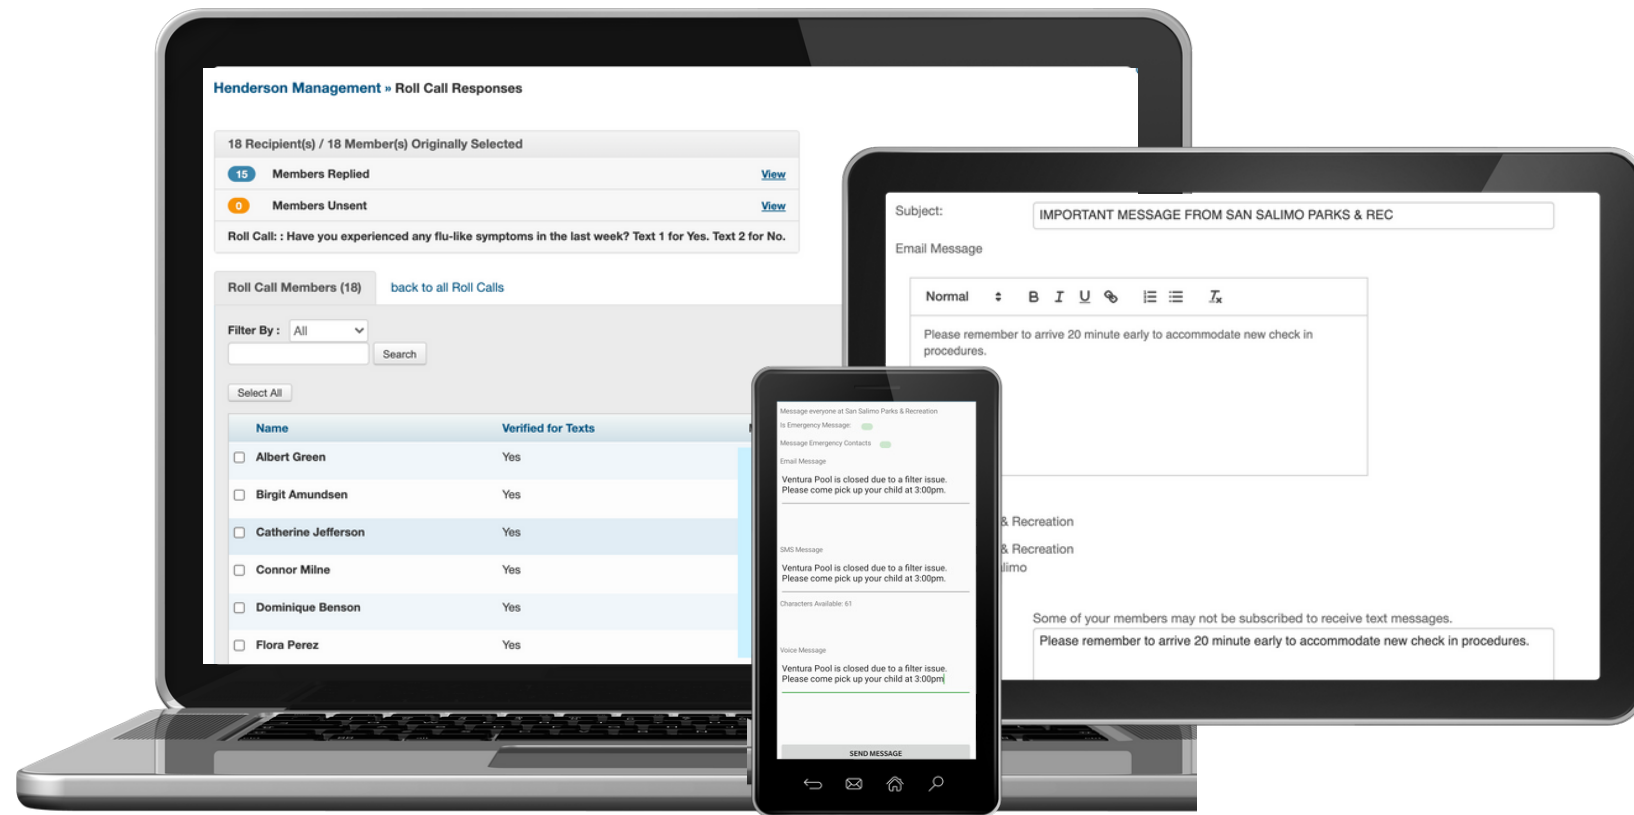

CDC also recommends :

- ALWAYS checking with your local and state authorities for additional guidelines, notably for licensed programs.
- Staggering check in and check out times
- Keeping groups small and consistent
- Communicating regularly with members to remind them of the behaviors that prevent the spread of COVID.

Use ePACT's robust communication tools as a complement to keep your members in-the-know.

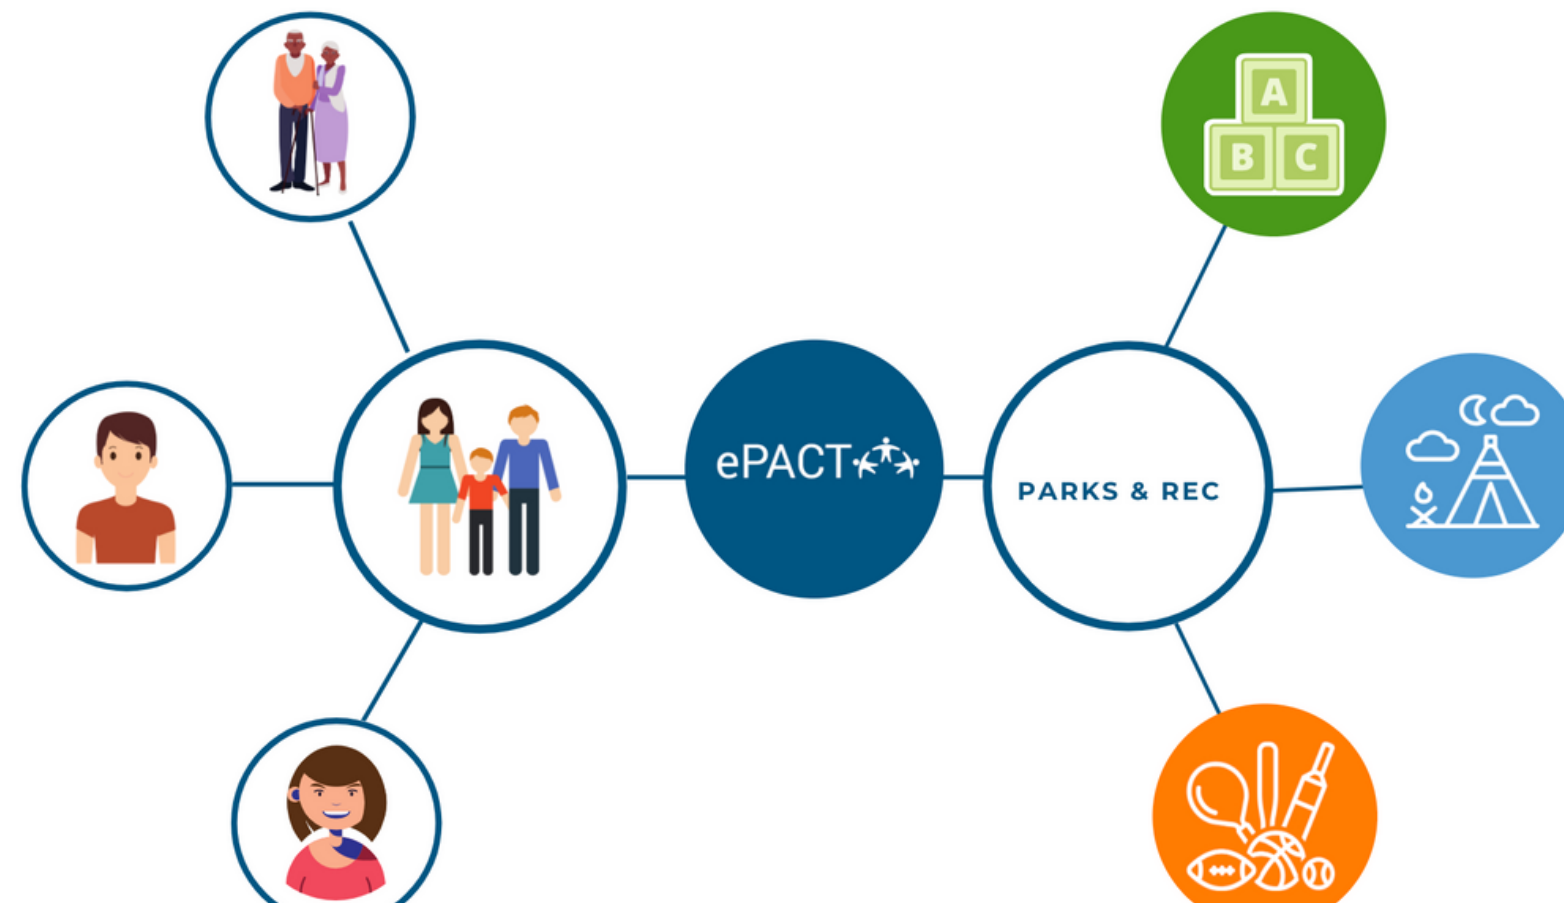

# Promoting Behaviors that Reduce Spread: Communications & Messaging

- ✓ Send Email, Text and Voice messages all in one step\*
- ✓ Roll Call text messages allows you to ask questions and track text responses in one dashboard\*
- ✓ Include Emergency, Pick-up or household contacts for general or emergency messages
- ✓ Send Emergency messages from Admin App

# ePACT was Built for This: Secure, Connected Network

Best in Class Security and HIPAA-compliant emergency network: Families connect to multiple organizations in their areas - so if they make an update, every connected organization is made aware.

# Complimentary, Contactless Integration

## ePACT & RecTrac 3.1

---

ePACT Network and Vermont Systems bring two complimentary technologies together to help support the families you serve.

- ✓ API Integration: Data flows seamlessly from RT 3.1 into ePACT
- ✓ Eliminates the need for exports and manual processing – streamlines your registration process!
- ✓ Privacy & Security – a HIPAA compliant method for ensuring safe and secure data collection
- ✓ Reduces risks, efforts, and liabilities tied to collecting personal information on paper forms

# COVID-19 has changed things.... are you ready?

ePACT is a contactless best-in-class system that helps you collect and manage health and safety info in a quick, easy way!

Securely collect health & safety data from families.

Check members in and out without any contact.

Track symptoms or temperatures to mitigate risk

Access data anywhere, anytime on our mobile app

# Thank you for participating!
