

Parts Included

- Bluetooth Printer (SKU: DCG-PRNT-STM3)
- Printer Power Cord
- Printer Power Supply
- Quick Start Guide

Additional Requirements

- 10" Tablet with Android OS 9 or higher or iOS [16.6] or higher Wi-Fi network
- DateCodeGenie login credentials

Printer Setup

1. Attach printer power cord and printer power supply. Connect to port on back of printer and to an outlet.

2. Press the printer power button on the left side of printer. A blue light will flash and stay lit. Push the lever on the right side of the printer to open lid.

3. Press the blue lever and place in label roll facing upward in between the guides to adjust to label roll width.

4. Gently push the label roll into the guides to insert shafts on each side of label roll to snap in place.

5. Extend labels over the edge of printer and close printer lid.
