Sustainable Development Goals

On this data story, you get an overview of the Research Output related to the UNs Sustainable development goals (SDG).
 On the top of this Data Story page, you can filter on the SDG(s) you are interested in and the widgets below will reflect your choices.
 The report is showing SDGs towards your entire institution - if you are interested in looking into SDGs within a certain organisational unit - you can go back to the "Data table" and a filter on organisation in column A
