

## **Changes to Rasmussen Gas Logs/Alterna Price List, effective September 5, 2023:**

- 1) Prices are increased by 5%.
- 2) Revised Item Numbers for Factory Assembled Lighting Control Systems:
  - (a) "SPK1" is now "M", e.g. B24FH-M-N
  - (b) "RPK3E" is now "SE", e.g. B24FH-SE-N
  - (c) "RMC1E" is now "RE" e.g. B24FH-RE-N
  - (d) "RPK3" is now "S", e.g. B24FH-S-N
- 3) Discontinued SPK3E and ME Manual Safety Pilot Control versions for all vented and vent-free systems. Replaced with SPK1 and M Manual Control, which have better BTU capacity, which allowed us to add, the 36" versions of the FX, LC, LD, CXF, DF-CF, and TNA burners, as well as the 33" and 36" versions of the CS burner. The SPK1 and M also have excellent flame height control when turning the knob from the PILOT to ON positions. SPK1 and M are not upgradeable to Remote Control functionality.
- 4) Added "VRP" version of Valve Vanisher with Standing Pilot Variable Flame Height Remote Control (includes hand-held remote transmitter) to all vented burner types, 30" set size and smaller.
- 5) Revised the composition of the following FireBalls Packs:
  - (a) FBPK-6 to 6 each from 8.
  - (b) FBPK-7 to 4 each from 6.
  - (c) FBPK-8 to 2 each from 3.These changes result in one carton weighing less than 49 lbs. for each of these items.
- 6) Discontinued item VA65, replaced by VA45, which is packed in one carton weighing 46 lbs.
- 7) Discontinued EIS-N135 (supplier discontinued making the components). Please use EIS-N200 instead.
- 8) Added Personalized Sizing Form at Page 71. This is the same information needed to complete the online form at <http://rasmussengaslogs.com/personalized-log-set-sizing/#>
- 9) Number of Cartons and weight per item have been updated based on our continued efforts to keep, where possible, carton weights below 49 lbs.
