The Creative Life

TCL

48" LED TV

Enjoy premium picture quality and tremendous value in a sophisticated design, perfect for bringing entertainment to any room in the house. This flat screen LED HDTV features Full High Definition 1080p resolution for brilliant color and contrast. Direct LED backlighting delivers darker blacks and luminous brightness, while maintaining superior energy efficiency.

The slim frame design and quad pedestal stand lend a premium look while the three HDMI® inputs allow you to connect your favorite devices. The USB port enables you to connect a digital camera or other USB device to display photos or play music. Dolby Digital processing completes the home theatre experience with immersive sound.

Direct LED

Placement of LEDs directly behind the screen in conjunction with video processing algorithms provide consistent lighting and low energy consumption.

True Color

TCL True Color provides the latest generation dimensional sorting and color processing. Advanced proprietary color enhancing technology broadens your TV's color spectrum through manipulation of the video stream to intensify the color patterns and deliver true, natural color.

Slim Bezel

Enjoy more of the picture and fit the TV into smaller spaces with the elegant slim frame industrial design.

HDMI x 3

Digital audio/video inputs enable quality playback and avoid signal loss transmission between source and TV set.

USB

USB port enables you to plug in a USB stick and choose from JPEG photo playback or play stored mp3 music.

Dolby Digital

Dolby Digital processing allows immersive sound in a compact design.
