The Parties acknowledge that Favorite Location requires the storage of a cookie on the device of such end user. Customer is solely responsible for determining the time period for which such cookie is stored and shall inform Uberall of required changes to such time period with sufficient advance notice.

1.5. **End User Information.** Customer is aware that it may be required under applicable law to provide mandatory information to and/or obtain consent from end users of Locator and/or Local Pages in the Customer Environment ("**End User Information**"). - 2.1. Hierarchy.** In any event of a conflict between the provisions of these PST and any part of the Agreement directly referenced in the Order other than the Order itself, these PST shall prevail but only with respect to the respective conflict.
- 2.2. Changes.** Subject to and in compliance with the respective provisions of the Agreement, this PST, either individually or together with other parts of the Agreement, may be updated or amended by Uberall at any time.
