

Suspected Personal Data Breach - What to do!

What is a personal data breach?

An act or omission leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to **personal data** (so any information relating to a person that can directly or indirectly - e.g. by combination with other data - identified)

Examples?

A breach may e.g. result from:

- Unauthorized access / improper right management
- Personal data (e.g. by email) send to incorrect recipients
- Stolen/lost devices containing personal data

You have identified or suspect a personal data breach?

Please report it **immediately** and **ONLY** to **dataprotectionincident@uberall.com** via **email** with a clear summary of the incident and affected data and systems.

And then? Don't panic!

Legal & Security will get back to you on the reported incident as soon as possible (maybe with follow up questions) and take the lead on any necessary next steps.

Until then: Don't communicate the suspected incident elsewhere!
