CUSTOMERS AND INVOICES

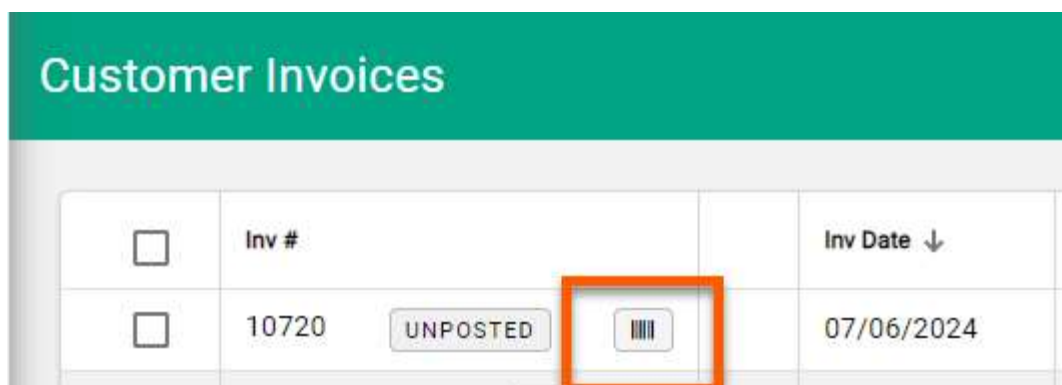

RESOLVED

- 10564** Report job error: Customer Dispatch Sheers with Customer Group Parameter
- Resolved an issue where running the Dispatch Sheets Report produces a Report Job error

ENHANCEMENT

- 9299** **Payment Summary added to Customer Contact Export/Import**
- A new column has been added to the Customer Contact Export & Imports. This column is named “Receive payment summary via email” with options of “Yes” or “No”.

- 10859** **UI changes for bulk invoices that include serial tracked products without serial numbers loaded**
- Changes have been made to the UI, making it easier to identify invoices that have serial tracked products on the invoice, that haven’t been assigned serial numbers yet:

Additionally new filters have been added to the filters menu to locate these types of invoices.
