# Improvements

Issue ID	Description	Fix Version
<a href="#">ENT-5769</a>	<p><b>Configure eCommerce Site</b> button no longer requires Daily License. Calling Support is no longer required to gain access to this section.</p>  <p>The screenshot shows a web interface titled 'eCommerce Products'. It contains a text block stating: 'ECommerce site is set to display List Price and use price level Retail Price for any new customers. You can change this through button on this form.' A red arrow points to a button labeled 'Configure eCommerce Site'. Below this are tabs for 'Sellable Products' and 'Non Sellable Products (Non matched products)'. Under 'Sellable Products', there are sub-tabs for 'Sellable Paint' and 'Sellable Sundries'. A table below shows columns for 'Manufacturer', 'Paint Line (Brand)', and 'Description (On Portal)'. The table contains two rows of data for Benjamin Moore products.</p>	1.5.0.7
<a href="#">ENT-5777</a>	<p>Microsoft 365 Business with Exchange SMTP ability has a limit of 30 e-mails per minutes at all subscription levels.</p> <p>To accommodate this requirement new software feature 140 was created. Feature will throttle the bulk e-mails (Ex: Statement runs) to 30 e-mails per minute as per Microsoft requirements.</p> <p>NOTE: Other paid products on the market like <a href="#">Send Grid</a> allow greater bulk e-mails.</p> <p>Please contact Decor Fusion Support to have this new feature enabled.</p>	1.5.0.7
