

Enhanced Savings Program

Pharmacy discounts for your employees

The OptumRx Enhanced Savings Program is a free pharmacy discount service integrated into the existing funded plan, providing your covered employees access to discounts on prescriptions not covered by the plan, and on over-the-counter medications with a valid prescription.

Program features and benefits:

- The **program is free** to you and your covered employees, and the integrated benefit program requires **no additional card**.
- Network includes **over 67,000 pharmacies**, including major chains and local stores.
- The program provides discounts of up to **85% off retail price** on medications and diabetic supplies not covered by the plan, and on over-the-counter medications with a valid prescription.
- These medication discounts **do not apply** to the employee's deductible or out-of-pocket maximums, but can apply to a HSA or FSA.
- More prescription data enhances **Drug Utilization Review (DUR)** and other clinical programs, providing a more complete pharmacy benefit.
- The program can be **ready in 60 days** for your company.

The program can be automatically turned on, and Optum will assist you in communicating the program to your employees. The program is also embedded in the member portal and reflected in member tools.
