

**Valued Baseline customer,**

Please review the key dates below for important information regarding the BL-6000 irrigation controller.

**January 1, 2013**

Baseline removed the BL-6000 from the standard price list. The BL-6000 was still manufactured for projects on which the controller was specified. Support parts and services were still provided for customers.

**January 1, 2016**

Baseline stopped manufacturing the BL-6000 and the controller was officially discontinued. Support parts and services were still provided for customers.

**January 1, 2019**

Baseline will no longer carry support parts for the BL-6000 controller and will no longer provide support services for the controller.

To learn more about the newest technology and solutions Baseline provides please contact your Regional Sales Manager. You can also visit [www.baselinesystems.com](http://www.baselinesystems.com).

Sincerely,

Jon Peters  
Senior Vice President of Sales and Business Development
